scrape string  
with nail\*\*

\* Bow on this string only (only used where there are LH actions on other strings as well).  
\*\* Begin at the bridge and scrape towards the nut, one 'click' at a time.

\* Dampen this open string anywhere to remove any sense of potential pitch.

\* Hammer One (HO) (very hard fingering). Pull Off (PO)

\* Place fingers as close together as possible on string and lift them as written. Repeat ad lib.

gliss very slowly  
until you loose  
the harmonic.
